

Preclinical Laboratory Services

Fast. Flexible. Focused on Quality.

IDEXX **BioAnalytics**

Fast.

Research moves fast. So do we, with faster turnarounds at every turn. Streamlined sample preparation and online submissions simplify your workflow to keep your research moving forward.

+ **Faster results, fewer headaches**

Flexible.

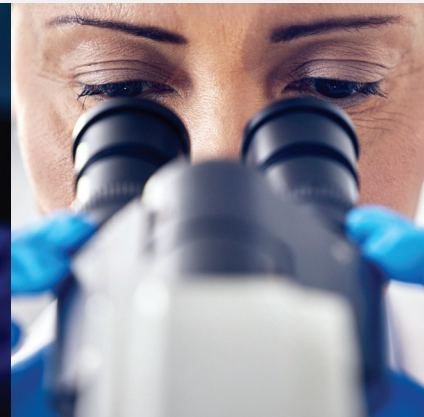

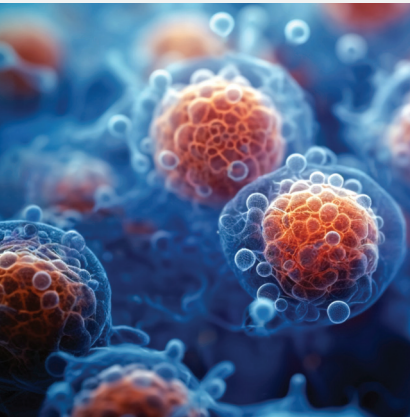

We customize testing and reporting to meet your requirements. No pre-booking and no minimum study size. Species-specific instrumentation and validations ensure accuracy at every stage.

+ **Find solutions that fit**

Full menu.

Find the services you need to support your preclinical study, from routine testing to specialty biomarkers in liquid biopsies, tissues, and new approach methodologies (NAMs).

+ **Full circle services, simplified**

Solutions for any research.

Therapeutic Areas

- + Oncology
- + Cardiovascular Diseases
- + Inflammatory Diseases
- + Neurodegenerative Diseases
- + Metabolic Diseases
- + Wound Healing

Research Focus

Types of studies

- + Basic Research
- + Discover
- + Model Development
- + Safety & Toxicology
- + Efficacy

Modality

- + Medical Devices
- + Antibody Therapeutics
- + Vaccines
- + Xenograft Models
- + Cell & Gene Therapies

Cell based applications

- + Mammalian Cells
- + Tumor Research
- + Stem Cells
- + Bioproduction
- + Organoid / Microphysiological Systems

Services.

- Hematology
- Chemistry
- Coagulation
- Inflammatory Markers
- Bone Marrow Analysis
- Histology Services
- Research & Toxicologic Pathology
- Small Molecule Bioanalysis
- Halo Digital Image Analysis
- IHC/IF Staining
- Whole Slide Scanning
- Contributing Scientist Reports For Regulatory Submissions
- Custom Projects

A support team focused on you.

Consultation

Benefit from complimentary pre- or post-study consultation with ACVP pathologists and ACLAM lab animal veterinarians.

Reporting

Receive reports in your preferred format, including preliminary or final reporting in PDF, Excel, or csv format.

Logistics

Simplify the submission process with complimentary supplies, online ordering, and shipping support.

Questions

Your dedicated account manager will help you get questions answered, beginning to end.
